Addresses: The China Mission, Rev. F. L. Hawkes Pott, St. John's College, Shanghai, China; The Work of the Home Ministry for Foreign Missions, by Rt. Rev. Geo. W. Peterkin, D. D., Bishop of West Virginia; closing additional control of the Property of t

dress, by Rt. Rev. A. M. Randolph, D. D., Bishop of Southern Virginia.

The session was opened yesterday with an address by A. C. Thomson, of the Virginia Seminary. The session was well attended by delegates from the colleges and divinity schools from all parts of the country, also by three representatives from Japan. The record of missionary events for the year was read by C. H. Young of the General Theological Seminary, of New York. Five minute reports were read of missionary work done in various sections sionary work done in various sections of the country. Last night an address of welcome was delivered by Rev. Dr. Packard, which was enjoyed by all pre-

A RAILROAD ACCIDENT.-About six o'clock this morning at Rapidan station, a south-bound C. & O. freight train ran into the rear end of a Midland freight train, the collision resulting in eight or ten cars (some of each train) being wrecked, some of them knocked down the embankment there and the C. & O. engine being disabled. Engineer Wright, Fireman Hughes and Brakeman Haney, of the C. & O. train, and Brakeman Shotwell, of the Midhand train, were injured, but none of them seriously, though Shotwell is the most painfully hurt. The Midland train, it seems, had stopped at Raaidan and hearing that the C. & O. train was coming, pulled out, but was overtaken by the latter train and a rear end collision was the result. Drs. Rixey, of Culpepwas the result. Drs. Rixey, or Culpeper, and Rowe, of Orange, were summoned and the injured men were made as comfortable as possible. Drs. O'Brieu and Ashby, of this city, were notified to hold themselves in readiness to go to Rapidan, but it was soon learned that the men were not seriously hurt so their services were not need-ed. Supt. Troy went to the scene of the accident and superintended the clearing of the track, &c. The accident caused a blocking of the road for some hours and through trains ran from Rapidan to Doswell via the C. & O. road, thence to Quantico via the R., F. & P. road and thence to this city via the Washington-Southern road. The local trains were run to Rapidan and then transfers were made. The tracks were cleared at 2 o'clock this evening, when trains began running as usual.

OPERA HOUSE.—Miss Martha Ford, daughter of John T. Ford, of Baltimore, is with Mr. Clarke's company, who appear here Monday night. The Atlanta Herald says: "Mr. Clarke is a born comedian. His facial expressions are half of his acting. It is truly wonder-ful how quick he can change his face from a look of pleasure to one of surprise and agony. The entire support is a strong one, and no more thorough-ly enjoyable play has been seen here

"A Fair Rebel" will be presented at the Opera House Tuesday night. This military comedy drama is a startling realistic depiction of one of the many historical events of the late civil war. The revolving scene in the third act, which represents the escape of the Union officers from Libby prison is very startling. The cast is a strong one and the play will be produced in every detail as when first introduced.

PERSONAL.-Mr. Charles A English formerly of this city, the railroad agent at Leesburg, is quite sick with pneu-

The condition of Mr. S. M. Dent is not so favorable to-day.

Mr. L. C. Barley left here to-day for

Richmond to appear as counsel before the Court of Appeals in the case of W. C. Scott vs. the R. & D. R. R. Judge Norton will leave here this evening on the same business.

Mr. Lee Lash and Miss Mary Latham were married at St. Mary's Church yes-terday evening by Rev. Father Cutler. After the marriage a reception was held at the residence of the bride's father and was largely attended. Among those present being the members of the Thirteen Club.

FEARS FOR CAPTAIN AND CREW.— Considerable anxiety is expressed for the safety of Capt. Frank Somers and his crew, who left Richmond over two weeks ago in the schooner Thomas Booz, One of the Old Dominion line steamers recently picked up the vessel and towed it to Norfolk. When found no one was on board, but the schooner's yawlboat was missing from the davits and it is presumed was used by the crew in escaping from the sinking vessel. The family of Capt. Somers have hopes that the boat was picked up by a West India trader or an ocean steamer. The relatives in this city of Mr. Samuel Hayden, who was employed on the ill-fated vessel, are kept in anxious sus-pense as to the fate of the crew, but it s still hoped that all hands were pick: ed up by a passing vessel.

THE RIVER .- With the exception of the tug Brewerton, with the railroad transfer barge, which continues to make trips between this city and Shepherd's, nothing has attempted to make a pas-sage through the ice in the river to-day. The Norfolk steamer left Washington last night and passed this city without stopping, and no boat from Norfolk was due here to-day. The Washington, from that city, due here yesterday morning, reached here at 5:15 yesterday evening and reports very heavy ice in the river almost to its mouth. The river to-day presented a dreary appearance, being covered with snow as far each way as the covered with snow as far each way ance, being covered with snow as far each way as the eye could reach.

dress, by Rt. Rev. A. M. Randolph, D. OFFICERS ELECTED .- At the meeting of the Columbia National Sand Dredg-ing Company held to-day at their prin-cipal office, No. 210 south Washington street, the following officers and directors were elected for the ensuing year; viz: James M. Miller, President; J. K. McCammon, Vice President; Chas. B. Pearson, Treasurer; John H. Lindley, Secretary; P. H. Heiskill, Director.

> Snow .- About one o'clock this morning snow began to fall, and by daybreak the ground was covered to a depth of three inches. It continued to fall thick and fast until about eleven o'clock, when it ceased, and between 12 and 1 the skies cleared. Four or five inches of snow fell.

> Robbery.—The store of Mr. John Drowns, on Fayette street, between King and Prince, was entered by thieves last night and a quantity of provisions, tobacco, &c., stolen therefrom. Mr. D. had but a small stock in his store, about one-half of which was stolen.

CANNOT BE TAXED.—In Baltimore yesterday Judge Goff, of the United States Appellate Court, decided in the case of the city of Reedsville, N. C., vs. the R. & D. R. R., that a municipality in a State has no right to levy town taxes against an interstate road.

SUNK .- A barge belonging to the Potomac Sand Dredging Company, one belonging to the International Dredg-ing Company, and the tugs De Boss Lenox and Valley Forge have been cut through by the ice in Occoquan

If you are troubled by a tickling sensation in the throat and cannot sleep for coughing you will find that a few spoonfuls of Dr. Bull's Cough Syrup will stop your cough and enable you to get a good night's rest. Continue the treatment, and in a day or two it will be effectually cured.

LONDON, Jan. 12 .- The Paris correspondent of the Daily News says M. Cottu's testimony to-day in the Panama trial left the impression that he did not dare to speak for fear of divulging too much. M. Eiffel's statement showed careful coaching. The correspondent continues: "M. Fontane showed himsef as a good natured, impudent fellow; M. Cottu as a shark; M. Eiffel as a retrace his toolish steps he put his foot in it more deeply than ever."

Berlin, Jan. 12.—Chancellor Von Caprivi last night attended a meeting of the Reichstag committee of twentyeight, appointed to consider the army bill, and made an important speech setting forth the necessity for the adoption of the bill without change or modification. Referring to the triple alliance-The heavy snow of last night stopped travel on the Mount Vernon electric railway, the cars being unable to run through Mount Vernon cut. A gang of that if an attack was made the chief onslaught of the attacking forces chief onslaught of the attacking forces would doubtless be directed against Germany as the strongest member of triple alliance.

LONDON, Jan. 12.-The conference between master spinners and operatives against a five per cent. reduction of wages ended in a disagreement at Manchester to-day. The employers are firm that a reduction of wages is necessary, as 75 per cent. of the private employers would be glad to get rid of their mills at half price, so unremunerative has the business now become.

The Carterites. KALAMAZOO, Mich., Jan. 12.-The noisy Carterites still continue their disturbance at Coloma, and the forbearance of the community has been sadly taxed. Recently Carter promulgated an order from on high to the effect that a tenth of all the property of the members must be paid into his hands for the Lord. It is also said that Carter threatened to kill his wife if she did not obey him. One of the members is reported to have willed his property to Carter in trust for the Lord. He is an old man, and was knocked down and dragged around in order to see whether he could stand the "Holy Grace" test. These cranks pound and slap

and otherwise punish their members, while making the nights and Sundays hideous with their yells and howls for mercy. The thumpings they give each other are for the purpose of "knocking out the devils," they claim. Not long ago one of the members died, it is said, from the effects of the pounding he received when he joined the "Chosen Seven." Carter was given a coat of tar and feathers some weeks since and

the citizens threaten not only to rcpeat the dose, but to run his followers out of town.

The Cold Weather. WASHINGTON, Jan. 12 .- According to the telegraphic advices received at the weather bureau the late storm started in northern Montana Tuesday and came slowly eastward over the middle Mississippi valley, where there was but little fall. It centered last night in West Virginia, and gradually took southeasterly and northeasterly courses, spreading over North Carolina, Maryland, the District of Columbia, Pennsylvania, New York and all of New the thermometer did not fall greatly except in sporadic instances, but it will be colder tomorrow all over the Middle Atlantic and New England States. The officials of the weather bureau say this is the deepest snow that has fallen in the sections indicated for several years, and they asticipate much interruption of railroad traffic. The snow is four inches deep east of the Alleghanies from Maine to North Carolina, and it will be six inches deep by nightfall. The coldest place in the country this morning was Northville, Vt., where the thermometer registered twenty degrees

Supposed to be in a Trance, TOLEDO, Jan. 12 .- There were symp toms of improvement and failure in the case of Clay Hopper yesterday. This s the boy who is supposed to be in a trance. A slight shock of electricity was administered in the marning and this seems to have retarded the recovery of the patient. The father stated that he believed the boy was conscious. He had asked him questions and noticed a faint smile in reply. Dr. Pooley and others talked of making a post mortem examination when it was still believed that the body was dead, and the father says that an expression of unutterable anguish at once spread over the face of the supposed dead. Last night Clay's pulse could be felt and the eyes frequently opened and closed, Dr. Galliver thinks the patient will fully rccover from the trance.

The Pope and the School Question. NEW YORK, Jan. 12.-The Pope's method for determining the individual and collective opinion of the bishops of the United States on the school question has caused much discussion. Each of the 79 bishops of the Catholic church will send in writing to the Pope, within the present month, answers to and comments upon each of the 14 propositions submitted by Archbishop, Satolli at the recent conference of Archbishops. These answers will be referred to a committee of Cardinals in Rome, who will formulate a plan based upon them and submit it to the holy see. Thus far only parts of nine of the separate questions have been made public, the first four having been withheld.

Trial Begun.

PITTSBURG, Jan. 12.-The trial of Hugh Dempsey, district master workman of the Knights of Labor; J. M. Davidson and Robert Beatty charged with poisoning non-union workmen in the Homestead steel mill, during last FINE LAYER FIGS for sale by J. C. MILBURN.

August, began here to-day in a crowded court room. Beatty is accused of having arranged with Davidson and other cooks, at the mills, to administer the poison, which, it is alleged, Dempsey furnished. The serious charge of having procured and disbursed the money used in the furtherance of the scheme is also put upon Dempsey.

CLOAKS.

We have reduced prices on our cloak stock so as to make them very interesting to those who have failed to supply themselves with a winter wrap. We have about a dozen nice garments left, ranging in prices from \$16 to \$20, all of which were bought at reduced figures after the first of December, and as we will sell them now at a reduction from marked prices of \$4 to \$5 each, they will be found specially attractive bargains.

We also make equally large reductions on all other garments, as we want to make a clean sweep of the cloak stock, and will do so if bargain prices can secure this end. Special prices on all Furs and Muffs.
